Suicide

자살

자홍색 자웅동체

거리낌 없이

Violet hermaphrodite

with no violence

(까탈스런 마음)

(건드리면 툭)

(구겨지는 사람)

(Your Capricious heart)

(You, who)

(Crumbles on touch)

과학적으로 세분화되어

철학적으로 의미가 부여된 사람아

스스럼 없이 대해주오

Interface me with no self

lingering

so that your heart may not hurt

Scream to me

까칠한 마음 다칠세라

소리를 질러 주오

자욱한 안개 너머로

Over and beyond the vast fog

자살하지 않고서는

못 배기는 삶이

옴퍹히 피어 있네

A life which cannot stand but kill itself

Blooms like a pit

Yes

그래

이 삶은

꼭 배겨 있는 삶

배겨져도 구겨지지

않은 삶

This is a life

which cannot stand up

It is a life that cannot stand

But does not crumple

아름다운 빗소리에

눈을 떠보니

누운 몸 목젖까지

물이 차 있네

To the beautiful sound of rain

I opened my eyes

You were up to my neck

Out of the way, deer

사슴들아 비켜라

꽃을 입에 물고 와줘

Come to me holding a flower in your mouth

굳이 사슴을 타고

멀리 가겠다면

말리지야 않겠소

If you insist on riding the deer

And going afar from me

I shall not stop you

다만 식겁해

But afraid

Never having breathed not one breath

아직도 생생히 숨

한 번 쉬어본 적 없는

나 있다는 것
기억해 주소
That this I exists
Do not forget this

Trigger Warning

*I will murder you and dissect your corpse
I will plainly indicate
Linguistic activity
Is necessary but not sufficient
for consent
I will make it manifest*

Chime on, the shame
My hymens broke at age thirteen
A band of robbers in the locker room
Raped me / made me suck on their
Cocks, I guess

Three stories down a cat lives
Accidentally I Stepped on the cat
While wearing what was later revealed
To be shoes (devil shoes!)

Chime on, take a principled stand
Down the Styx river I snuck
Accidentally I
Kitty, Kitty, Kitty
Raped, assaulted, rest
assured, emotionally
malnourished, malfunctioning, I make
malevolent mellifluous sounds from inside
my cat's skin skinned live from my cat

Chanting, chanting, chanting:

Suck, his, dick!
Suck, his, dick!
Suck, his, dick!
Suck, his, dick!

Float gently down the stream
Row, row, row your boat
Rah, rah, rah-cha-cha
Chime on, chime on, you
There's mucous, shame on you

At the floor there is a ceiling
Did you expect your own floor to be any different
At the ceiling there is

Another floor

*I'll find a day to massacre them all
Raze their faction and their family,
And make them know what 'tis to let a queen
Kneel in the streets and beg for grace in vain.
-- Shakespeare, Titus Andronicus*

Floored!, Flustered!, Cock
The gun for mellifluous revenge
For the ghost that haunts you
must be skinned alive
Heart ripped out with bare minimum teeth
Each and every finger
Chopped off on that cutting board
Now the ceiling-hanging plants
Will be you hanging from the ceiling
The crease of the rope pinkly
Nestled against your whitening neck
Ceiling-hanging plants
Of which there will be more

*Chime in with a whistle
(Take a principled stand)
Or your water bottle
Of which you hold
So firmly in your hands*

Die, die, die, die!
Die, die, die, die!
Eat the rest of your French fries!
DIE! DIE! DIE! DIE!

When an infinite number
Of die are rolled
Chances each and every one
Lands on a four
Is one over six to that infinite number

Donald Trump in the Elevator

I ate the burger!

My fingers are salty.

Behind me, to the right of me, to the left of me ...

They all look up to me.

My tummy hurts.

My stomach feels like it's been washed with rainwater.

They all look up to me.

They're jealous because my fingers are salty.

85, 86, 88 ...

This building should be taller.

Liebstraum

Sleeping sand seeps into the soles
Of my shoes. I glide my feet
Across the small dunes of the beach.

You are always standing there.
Slashing your feet against
The sea, leaving bite marks
With oyster shells on my neck.

I want to slip, but by legs
Hold firm. My toenails clench
Too tight. Soiled feathers
Wash the color off the sky –

I should have never said anything.
I should have left you alone
Like sand, let you seep out.
My soles are drenched too hot with butter.
I try to scratch your marks away,
But the more I claw, the more you smear.

Sometimes, I want to tip
You over, let your hair

Assimilate

With the sea's white coils,
Dying and intertwining
Like ivy. I'm stuck

In between,

Like a wave between the beach and the sea
In an infinite tug
Of war.

Dead flower

‘ til the leaves
 crunchily parched
& my ears
 fell

I waited for thee

all the water has died

when I blow
 shiver twice
& please
 Extinguish yourself

my puppy chewed threw it all
& nothing but persistent stems
remain ,

but
